Coreus the Prince

After centuries of bitter fighting, the once-great Hukor tribe is nearing exhaustion. Only you—Prince Coreus, Chief-to-be of the clan—can save your people now. You must journey to Koragon, the City of Shadows, and retrieve the four precious artefacts stolen from your tribe. With these heirlooms you will summon the spirit of Alrik and defeat the enemy once and for all. The future of your people lies in your hands: now is your only chance to prove that you are worthy of the title bestowed upon you.
